CASHIUS ("CASH") MYERS

Fractional CTO/CIO • AI Strategy Leader • Enterprise Systems Architect
Racine, WI • 262-321-4347 • cmyers880@gmail.com
LinkedIn: www.linkedin.com/in/cash-myers/

EXECUTIVE SUMMARY

Technology leader specializing in AI strategy, enterprise architecture, digital transformation, and operational modernization. Fractional CTO/CIO with a proven record across healthcare, education, SaaS, logistics, and SMB sectors. Blends deep engineering background with advanced AI governance, cross-functional leadership, and organizational scaling. Creator of the Cognitive Framework Platform (CFP) and Emergent Cognitive Layer (ECL), a cognitive architecture enabling deterministic AI behavior, drift mitigation, and multi-session continuity.

EXECUTIVE CORE COMPETENCIES

• AI Strategy & Enterprise Integration
• Technology Leadership & Roadmapping
• Digital Transformation & System Modernization
• Cognitive Systems Architecture (CFP/ECL/EnaC)
• Organizational Development & Team Leadership
• Data Governance, Compliance & Risk Reduction
• Platform Architecture & Infrastructure Scaling
• Healthcare Interoperability (FHIR, HIPAA/FERPA)
• Product Acceleration & Rapid Prototyping
• Executive Coaching & Stakeholder Alignment

FLAGSHIP EXECUTIVE INITIATIVES

Cognitive Framework Platform (CFP) & ECL — Enterprise AI Strategy Accelerator

Principal Architect & Executive AI Strategist — CMC Services
Jun 2024–Present

• Established a repeatable AI collaboration methodology improving development velocity and stability.
• Created EnaC operational kernel and STMG/SCS semantic tooling supporting enterprise AI governance.
• Enabled multi-hour AI-assisted engineering with predictable deliverables and reduced drift.

EHR Consent Platform — Enterprise Healthcare Trust & Compliance Modernization

Architect & Technical Executive

• Directed blockchain-backed consent lifecycle design with FHIR interoperability and audit controls.
• Enabled engineering acceleration (525K+ lines of backend code via AI collaboration).
• Designed enterprise-grade compliance structures for HIPAA, FERPA, and institutional auditability.

EXECUTIVE EXPERIENCE

CMC Services — Fractional CTO/CIO & AI Integration Executive   Mar 2025 – Present
• Leads AI readiness, governance, and modernization for SMB/healthcare clients.
• Designs AI workflows, automation pipelines, and system architecture transitions.
• Provides strategic advisement, founder support, and executive coaching.

Oxford Global Resources / MUSOD — Software/AI Consultant   Jun 2025 – Present
• Delivered features 2× faster than prior teams through architectural stabilization.
• Designed AI/LLM integrations aligned with academic and clinical compliance.
• Authored 800+ documentation assets, improving institutional knowledge retention.

Tanduo Technical Partners — Technology Architect & Fractional CTO   May 2024 – Mar 2025
• Led 6-person analytics team; implemented LLM-powered analytics and automation.
• Designed AWS modernization strategies supporting multiple client portfolios.
• Provided technical leadership, roadmap development, and organization alignment.

ADDITIONAL EXPERIENCE

• Xaris, Inc — Full Stack Director (Part-Time): Directed SaaS development with accessibility and learning outcomes focus.
• KnowledgeHut — Technical Instructor: Strengthened engineering pipelines through training and curriculum design.
• devCodeCamp — Lead Instructor: Led cohorts in full-stack, DevOps, and cloud engineering.
• The Playroom — Operations & Technology Director: Increased billing efficiency by 50% and revenue by 25%.
• Mrs. Myers Reading Room — Director of Technology: Led 30-day remote learning transition; architected edtech platforms.

PRIOR EXPERIENCE (Strategic Summary)

• Senior Applications Consultant — DP Solutions: Fleet/maintenance systems, enterprise logistics, EDI.
• Senior Systems Analyst — Innovative Computing Corp: Fleet logistics modernization, documentation leadership.

EDUCATION

• Master of Divinity (M.Div.) — Concordia Seminary
• Bachelor of Fine Arts (BFA) — Concordia University St. Paul

- Full Stack Development — devCodeCamp
- Educational Psychology (Ed.Psy) — Partial coursework

CERTIFICATIONS

- MongoDB SI Associate, MongoDB SI Architect
- Cypress Testing
- Docker Masterclass
- Cybersecurity for IT Professionals
- SDLC & Testing Certifications
- AI/ML coursework
